REPORT ON

To bridge gap between Academia and Industry, Department of Civil Engineering organised an invited talk on topic "Application of GIS and Remote Sensing in Delineation of Flood Affected areas in Bangalore" by Mr. Ashish, GIS Consulting Engineer at KMS Consultants and Developers, Bangalore on 18th October 2022. for 5th sem and 3rd sem students of Civil Engineering Department participating the event. The key take aways from the seminar were

- Importance of GIS Software
- Different software availability in Civil Engineering field
- Exposure to the practical problems in civil engineering
- Adaptation to the changing needs and scenarios of the society.
- Challenges to be faced in the outside the campus

50 students participated in the talk. The lecture was followed by a session of discussion. Speaker interacted with the audience and answered their questions. The speaker motivated the students for their successful career.

REPORT ON

Motivational Talk by Mr.Rakshit K.B., Director, Kundur Constructions, Bangalore on 19 th December 2022. Overall sixty students of 3rd sem, 5th Sem & 7th Sem participated in the event.

A major challenge faced by a fresher is related to airing his/ her opinion in front of a team, Adjusting to a new environment, management of time, workload management to meet the targets and presentation skills. Soft skills are expected by any candidate from the hiring companies. In times of pandemic the students passing out as fresh engineers have additional challenges to be faced.

Mr.Rakshit K.B stimulated the young students to prepare themselves for outside world requirements. The speaker throwed light on some important behavioural aspect that recruiters look out for during the campus recruitment. Telling them about the career progress and importance of attitude-aptitude and teamwork.

The speaker covered a wide range of topics related to communication skills, presentation, preparedness for facing the challenges in the society. He also gave a hint about the big boost in job opportunities after the volatile situation due to pandemic calms down.

The speaker guided the students regarding the ways to encounter the challenge of using the correct words with seniors in work space. He stressed on having a strong control over the language. With examples he guided students how one should back their views and arguments with strong facts and data. As civil engineers it is required to work together as a team which would comprise of senior experts to illiterate labours. So it is required to maintain a different tone and watch body language while talking to different people.

The session was followed by speaker interacting with students and answering all the concerns which students had regarding building their career.

REPORT ON

Motivational Lecture by Mrs.Ashwini Arun, AEE, Mrs.Nalini G, AE, Mr.Murali K, AE, KPWD on 27th December 2022.

The speakers of the event Mrs.Ashwini Arun, AEE, Mrs.Nalini G, AE, Mr.Murali K, AE, KPWD encouraged and motivated the 3rd sem and 7th sem civil engineering students to educate towards road safety as one of the road user and provide road safety information for road users to encourage safer road user behaviour among current and prospective road users and accordingly emphasised on the following points: • Global scenario in terms of road traffic injuries and fatality caused. • Indian Road network data in perspective of other nations • Statistical proof on road accidents. • Education towards safety solutions. • Enforcement acts, rules, regulations and fines by different government bodies in India and abroad. • Importance of Civil Engineers in terms of geometric design of road.

And also enlightened the students on varied aspects related to employment opportunities with regard to changes in job profile, business strategies, new technologies, skill sets and use of software oriented courses. They also emphasised on lifelong learning. Overall the students had a very useful and interactive session.

Report Summary

On December 27, Mr Ramesh Kumar M was invited to college at 1:45pm and was greeted by the coordinators and Mr Phanindar Ravi. Then was taken towards the principal's chamber for having brief talks about their good old days in the college as a teacher and a student.

After the talk, the guest was escorted to the lunch in the Men's hostel at 2:00 pm. During the lunch the coordinators asked few questions regarding his career, college etc.

Once the lunch was finished, the guest was escorted to the location of the event and then was warm welcomed by the Dr Surpriya V G. During the event the guest met with his friends and had a great time. The event was absolutely interesting, made jokes during the event and was motivated by our guest. After the event the students were given an opportunity to interact with the guest and to clear their doubts.

Bootstrap - UI Development Framework for Web Apps

8th September 2022

Webinar Report

A Webinar was organized in the Department of MCA on 8th September 2022 on Bootstrap - UI Development Framework for Web Apps. The speaker for this webinar was Mr.Abhilash K R ,Frontend Software Developer,Unibiz Software Solutions Pvt Ltd , Bengaluru. The target audience was second semester MCA students. This webinar was organized as a part to cover content beyond the syllabus for the subjects Web Technologies and Principles of User Interface Design. The webinar topics helped the students in covering the Program Objectives of the MCA course. PO5 where the students learnt to create, select and apply appropriate techniques using modern computing tools, PO7 which caters to engage in independent learning for continual development and PO9 by being able to comprehend and design effectively. The webinar was very useful to the students.

on
DATA ANALYTICS AND INSIGHT-Harness the Power of Data

The Department of MCA conducted a one day seminar on "Data Analytics and Insight-Harness the power of data" for 3rd sem MCA students on 24th December,2022 at MCA seminar hall from 9:30am. The speaker of this program was Nishant Koundinya, who is presently working in TCS, Bengaluru as Data Science Engineer. The main objective of this Seminar is to give career guidance on steps to be followed to become a data analyst. The inaugural function of Seminar started at 9.30 a.m. at M.C.A Seminar Hall. Dr. V.H Vani Priya, HOD-MCA welcomed the dignitaries, students and other department HOD's for the event.

Students learned

- Types of Data Analytics:
- How to Extract Insights from Data
- CRISP-DM framework: Analytics problem solving
- Data Science skills (STEM stream)
- Real time scenario of complete Data Science cycle
- Scikit-learn - choosing right ML algorithm
- Model Deployment – AWS
