About the Trust:

Sri Krishnadevaraya Educational Trust, provides quality education through selfless service. It was established in 1985 by a group of 19 philanthropists with the sole objective of imparting quality technical education. The professional colleges run by Sri KET include Sir M Visvesvaraya Institute of Technology and Krishnadevaraya College of Dental Sciences (KCDS)., Sir M V School of Architecture.

About the Institute:

Sir M Visvesvaraya Institute of Technology-Bengaluru, is one of the leading technical institutes established in 1986, having completed its silver jubilee. The institute has spacious campus covering about 133 acres. The lush green ambience of Sir MVIT makes the campus, free from pollution. Sir M Visvesvaraya Institute of Technology is recognized by AICTE, New Delhi, approved by Government of Karnataka and is affiliated to Visvesvaraya Technological University (VTU), Belagavi, and ISO Certified. The institute offers 9 Undergraduate, 5 Postgraduate courses along with 8 Research and consultancy activities in most of the departments with provision for Ph.D. Our Institution is Accredited by NAAC in the year 2018 for a duration of 5 years

About MCA Department

The department was set up in 1998 with an annual intake of 30 students and subsequently enhanced to 60. Over the years, the department has established well-equipped laboratory with internet facility and excellent library. It offers an excellent academic environment to boost complete personality development, increase the capabilities and confidence of both the teachers and students to take up the challenges of the dynamic socio-technical world. The department has organized Seminar series by eminent personalities from industry, academia and from Professional bodies. The dept. has organized various workshops to upgrade the technical and teaching skills of the staff. The dept. encourages participation in National/International conferences to present research papers. The faculties of the dept. have published several research papers in various reputed National/International journals and conferences where the papers are published in IEEEXplore/Springer series. To support creativity amongst the students, we have brought forth the departmental forum called "PRAYOG". Other activities like ALUMNI Meet and Parent-Teacher meetings are conducted regularly.

Dear Sir,

Greetings!!!
As per our discussion yesterday, I request you to please arrange for the 3-day training program from Salesforce.com for our 5th sem MCA students. The feasible dates would be from Nov 12-16, 2018.

Kindly do the needful so that our students get benefit from this.

Regards,
Dr. Manjula
Prof. & HOD, Dept. Of MCA,
Sir MVIT

Prakash Sir,

Thank you very much for connecting me with Sir MVIT. I am ok with 14, 15 and 16th. Let's fix these dates.

Manjula Madam,

Glad to connect with you. I am sure this program would benefit your students in exploring new career opportunities.

As a pre-requisite please ask your students to sign up on developer.salesforce.com, using their primary email id and using those credentials login to trailhead.salesforce.com by selecting 'login using salesforce'. Please make sure everybody does this before they walk into the workshop.

Waiting to meet you soon.

Thank you,
Kumara Murali

Dear Sir,

Greetings from the Department of Master of Computer Applications, Sir M Visvesvaraya Institute of Technology. In rder to fill the gap in the University Curriculum, we are organizing workshops/student development programmes. rof Sneha Bharti came up with a gap in her subject "Mathematics Foundation for Computer Applications", which can e catered by conducting a workshop on "Applications of Graph Theory in Computer Science".
In this regard,we would like to invite you as a resource person for this workshop which has been scheduled to be eld on 16 May 2022. We strongly believe that your expertise and experience in this field will be a valuable addition to ir programme as our students will look forward to learning from you.
e look forward to hearing from you soon.

anks and Regards.

CH Vanipriya,
D, Dept of MCA

SIR M VISVESVARAYA INSTITUTE OF TECHNOLOGY

DEPARTMENT OF MCA

REPORT ON

A One Day Student Development Programme

"APPLICATIONS OF GRAPH THEORY IN COMPUTER SCIENCE"

Resource Person: Mr. Manjunatha T,
Assistant Professor,
Jawaharlal Nehru National College of Engineering,
Shimoga.

Target Audience: MCA first year students

Date: 16th May 2022.

Department of MCA has conducted a one day Student Development Program on the "Applications of Graph Theory in Computer Science" to bridge the gap between the curriculum and industry expectations. Mr. Manjunatha T, Assistant Professor, Jawaharlal Nehru National College of Engineering, Shimoga was the resource person for the program. The resource person discussed on concepts of graph theory with plenty of examples and also threw a light on applications of graph theory in various domains. He concentrated on the applications of graph theory in computer science. He followed a very easy and simple approach to explain the concepts. Students were very happy with the way session was handled. It was followed by the Q & A session with questions by the students. Overall it was a useful and informative session for the students.

The objective of the program was also to address some of the POs not dealt by Mathematical Foundation for Computer Applications subject syllabus in the curriculum. This program addresses PO7, PO8 and PO11. Feedback was taken from the students on the achievement of these POs and the result is shown in the table below:

Sl. No.	PO	Expected Target	Achieved Target
1	PO7	60%	98%
2	PO8	60%	98%
3	PO11	60%	96%

Activity Report — Activity Date:06-08-2022

Activity Type:IIC Calender Activity — Quarter :IV

Theme: :"Innovative ways of using SQL Developer Tool"

As per the guidelines of MHRD and AICTE of Government of India, the Institutions's Innovation Council of Sir.M.VIsvesvaraya Institute of Technology conducted a Student Developmet Program as the IIC Calendar activity Theme:" Innovative ways of using SQL Developer Tool "on 6th August 2022 in MCA Lab 105 from 9:30am-4:30pm.for 2nd sem MCA students.The coordinator of the event was Prof.R.Latha . The Resource persons of this program was Mr.Amrut T,Technical Architect/Technology Manager,Royal Bank of Scotland,Bengaluru.The Main Objective of this Workshop was Understanding the requirements of multiple users and coming up with innovative ideas for outstanding database applications.Automated database application development with the right skills and expertise. 55 students were participated in this event.The inaugural function of Student Development Program started at 9 a.m. in MCA Seminar Hall. Dr.V.H Vani Priya, HOD-MCA welcomed the dignitaries, students and other department HOD's for the SDP. The speaker explained about how to use the Tool in innovative way .The event was successful and interactive where students asked a number of questions and the speaker responded enthusiastically to all of them.

Bootstrap - UI Development Framework for Web Apps
8th September 2022

Webinar Report

A Webinar was organized in the Department of MCA on 8th September 2022 on Bootstrap - UI Development Framework for Web Apps. The speaker for this webinar was Mr.Abhilash K R ,Frontend Software Developer,Unibiz Software Solutions Pvt Ltd , Bengaluru. The target audience was second semester MCA students. This webinar was organized as a part to cover content beyond the syllabus for the subjects Web Technologies and Principles of User Interface Design. The webinar topics helped the students in covering the Program Objectives of the MCA course. PO5 where the students learnt to create, select and apply appropriate techniques using modern computing tools, PO7 which caters to engage in independent learning for continual development and PO9 by being able to comprehend and design effectively. The webinar was very useful to the students.

REPORT
on
DATA ANALYTICS AND INSIGHT-Harness the Power of Data

The Department of MCA conducted a one day seminar on "Data Analytics and Insight-Harness the power of data" for 3rd sem MCA students on 24th December,2022 at MCA seminar hall from 9:30am. The speaker of this program was Nishant Koundinya, who is presently working in TCS, Bengaluru as Data Science Engineer. The main objective of this Seminar is to give career guidance on steps to be followed to become a data analyst. The inaugural function of Seminar started at 9.30 a.m. at M.C.A Seminar Hall. Dr. V.H Vani Priya, HOD-MCA welcomed the dignitaries, students and other department HOD's for the event.

Students learned

- Types of Data Analytics:
- How to Extract Insights from Data
- CRISP-DM framework: Analytics problem solving
- Data Science skills (STEM stream)
- Real time scenario of complete Data Science cycle
- Scikit-learn - choosing right ML algorithm
- Model Deployment – AWS

Through: HOD, Dept.of MCA

Respected Sir,

Sub: Requesting for permission & financial assistance to conduct a one day SDP "*ALGORITHM DESIGN TECHNIQUES" on 11.05.2023.*

With reference to the above, We request you kindly permit us to conduct a one day SDP for MCA students on "*ALGORITHM DESIGN TECHNIQUES" on 11.05.2023* Dr. SUMA SWAMY, Professor, Department of Computer Science and Engineering, Sir M. Visvesvaraya Institute of Technology, will be the Resource person.

I request you to release an amount of Rs. 5000/- (Rupees Five thousand only) towards the Remuneration + Refreshment and other expenses from CSI account.

Sl no	Particulars	Amount (Rs)
1	Remuneration & Transportation for Wkshop	2000
2	Bouquet .	500
3	Refreshment (Staff & Students)	2500
	Total Rs:	5000/-

Thanking You,

Yours Sincerely,

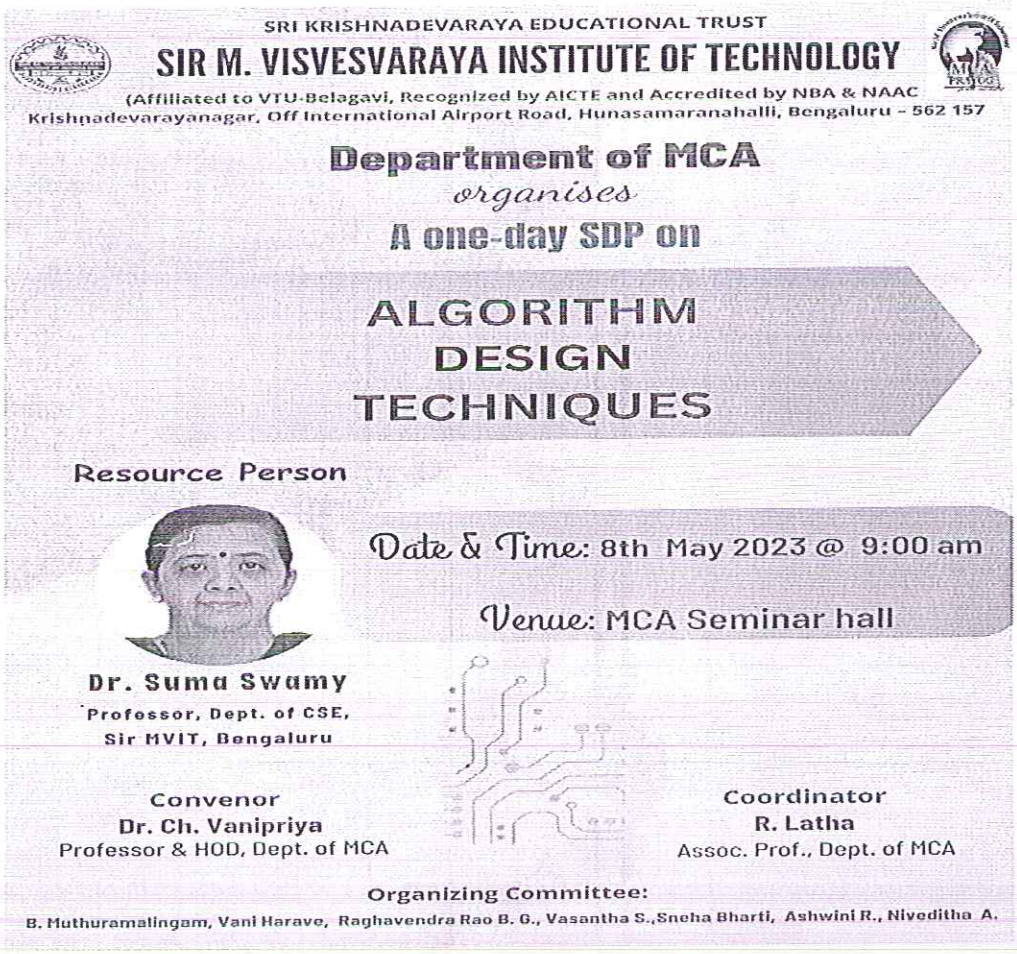
REPORT
on
ALGORITHM DESIGN TECHNIQUES



The Department of MCA conducted one day Student Development Program titled "ALGORITHM DESIGN TECHNIQUES " for I MCA students on 8th May ,2023 in MCA seminar hall from 9am onwards. The Resource persons of this program was Dr. Sumaswamy, professor, Dept. of computer science, Sir MVIT, Bengaluru. The main objective of this SDP is to give an idea on how

to design an algorithm using back tracking, branch & bound techniques and can identify and prove NP-Complete problems. The inaugural function of the SDP started at 9 am in MCA Seminar Hall. Dr. Ch. Vanipriya, Prof. & HOD-MCA welcomed the dignitaries, students and other department HOD's for the SDP.

Students Learnt

- To design an angorithm using Backtracking, Branch & bound Techniques
- To Describe the classes P, NP, and NP Complete and be able to prove that a certain problem is NP-Complete.

Dr. Ch. Vanipriya ,Prof. & HOD-MCA concluded the SDP with an interactive feedback session with participants and congratulated all the participants and organizers for successful completion of SDP.
