ORGANISES A WORKSHOP ON

A BLOCKCHAIN SYMPOSIUM

13th June 2022,
Monday,
CSE Seminar Hall
9am to 3pm

Link for Registration :
<https://forms.gle/q7TFzgBDyDe2Nxxw4A>

Dr. V R MANJUNATH
Principal

Dr. G C BHANUPRAKASH
HOD

Dr. SUMA SWAMY
Co-ordinator

FACULTY COORDINATORS:

Mrs. Rekha B N
Mrs. Nethravathi T L

Mr. Suraj Kumar B P
Mrs. Pragathi M

SPEAKERS :

Kiran Karpur
Nija World

STUDENT SPEAKERS:

Mohan Kumar G M
Adarsh M

For any Queries Contact : Sanjay 7022162887

WRITE UP ON WORKSHOP ORGANISED ON BLOCKCHAIN SYMPOSIUM

This workshop will help in learning basics of digital currency transactions such as Bitcoin, Advanced smart contracts such as Ethereum and the blockchain that fuels the system, plus dive into many decentralised applications of this game changing technology. The workshop is perfect for anyone interested in learning more about the blockchain from a technical, business or purely curious standpoint.

The main focus of this workshop is based on the following topics :

1. Fundamentals of Blockchain
2. Consensus Mechanism
3. Cryptocurrency
4. Smart Contracts
5. Hands-on smart contract Deployment using Solidity and Remix IDE.

1. Introduction to Blockchain: The #1 criteria for success in anything is to be fascinated. The main goal of this seminar was to spark interest in students regarding blockchain technology and its application in real world.

2. A focus on doing, not just listening: A hands on session was conducted where students created wallets for themselves, coded a smart contract and deployed it on the Blockchain.

3. A Guide to latest technologies: Some of the technologies in blockchain was introduced such as Smart Contracts, Multichain Bridge, Swaps, Decentralized Autonomous Organisations, Decentralized Applications, Non Fungible tokens, Forks.

4. Real-world applications: Various scenarios was discussed where blockchain could be a better implementation in contract to the present method and the advantage that blockchain offers over these traditional methods.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

WRITE UP ON WORKSHOP ORGANISED ON BLOCKCHAIN SYMPOSIUM

Department of CSE of SIR M Visvesvaraya Institute of Technology organized a webinar titled “**Blockchain technology Symposium**” on 13th June 2022 at CS seminar hall from 9.am to 3 pm for 6thsem and 4thsem students

This event was successfully organized by **Principal Dr.V.RManjunath, Hod of CSE department Dr.G C Bhanuprakash the coordinator ,Dr.Sumaswamy**

Faculty co ordinators were MrsRekha B N, MrSurajkumar B P, MrsNetravathi T L and MrsPragathi M

Student Co ordinators were Sanjay, Brunda, Nithya, Dwijith, Bhavika

Event started with a warm welcome to the respected HOD Dr.G C Bhanuprakash and coordinator Dr.Sumaswamy and the speakers of the event ,the entire webinar was held in three sessions

First Session

The speakers of first session were Mr.Mohankumar, student of 8th semester C S E and Mr.AdarshM, student of 8th semester C S E they introduced to the world of Block chain they gave an introduction to Blockchain technology and also gave a brief explanation on areas where blockchain technology is used like IPFS, NFT, DAAP, RADAR, Ethereum etc, They also briefed about metamask, a

mobile crypto wallet that allow users to store and swap crypto currencies this introduction created curiosity among student to learn more about block chain

Second session

In Second session an Industry expert, Mr.KiranKarpur from Nija world introduced students to the latest technology and blockchain. He gave insight to industrial aspects of block chain

Third Session

Third session started after lunch break it was hands on session where students were introduced to new programming language called solidity students were given free training and internship opportunity was provided overall it was very useful session

The session was concluded by vote of thanks from Rekha B N she expressed her gratitude to all speakers and students

13/06/2022 09:43:46	Mohamed Azmath Iqbal	mohd.azmathiqbal007@gmail.com	CSE	4th	A	IMV20CS063	A blockchain is a distributed database that is shared among the nodes of a computer network. As a database, a blockchain stores information electronically in digital format. Blockchains are best known for their crucial role in cryptocurrency systems, such as Bitcoin, for maintaining a secure and decentralized record of transactions. The innovation with a blockchain is that it guarantees the fidelity and security of a record of data and generates trust without the need for a trusted third party.

**SIR M VISVESVARAYA INSTITUTE OF TECHNOLOGY
INSTITUTE'S INNOVATION COUNCIL(IIC)**

- 1. **EVENT TITLE: "How to Plan for Start-up and Legal & Ethical Steps"**
- 2. **START DATE: 23.04.2022**
- 3. **END DATE: 23.04.2022**
- 4. **SELECT EVENT THEME: R & D and Innovation**
- 5. **URL of the Event: <https://meet.google.com/afj-ywjt-zgs>**
- 6. **SELECT QUARTER: Quarter IV**
- 7. **Brochure: Yes**
- 8. **Description (Total no of words:50)**

A webinar on "How to plan for Start-up and Legal & Ethical Steps" was held on 23.04.2022. There were 147 registered participants including both faculties and students.

Speaker for this webinar is Mr. NAGACHETAN, Founder of NAVANC, BENGALURU.

Nagachetan spoke about how to plan and create start-up, right from selecting the board of directors, funding agencies, methods of funding and how to be successful. He enlightens us about how to start an enterprise, how to start with "why", the importance of the customer, and product-to-market fit. Also discussed regarding problem definition, think of stakeholders for the problem, present solutions to the problem, start with basic MVP (Minimum Viable Product) and lastly funding. The session also had an interactive question and answer session.

**Promotion in social media: Links to FB, INSTA, Twitter,
Linkedin:**

Academic Year: 2021 –22

Quarter: IV

Program Theme: R&D and Innovation

Duration of the activity (In minutes): 90 min

Start date: 23.04.2022

End date: 23.04.2022

Number of student participants: 68

Number of faculty participants: 25

Number of external participants if any: 10

Expenditure of amount if any: Nil

Mode of session delivery: online

Video (URL of the youtube): <https://youtu.be/LYKqfbo8CKo>

Objective (3 lines):

The main objective of this program is to educate the students and the faculty about planning for start-ups, and how to plan and create start-ups. The webinar also focused on the barriers faced, how to overcome the barriers, benefits for students, the role of academicians in nurturing the students to be successful founders of start-ups.

Benefits in terms of learning/skills/knowledge obtained

The students were instilled with the confidence to become a founder of a start-up by knowing the key characteristics like problem definition, the importance of customers, product into market, legal issues, solutions etc.

Rahul Sharma Speaker Biodata

Rahul Sharma, is the CEO & Co-founder of the globally acclaimed, service-based app and web development company, Appscrip.

Appscrip is the lovechild of his passion for technology, the constant urge to create mobility solutions, and being a tech solution provider for leading startups.

He is working full-time as an engineer, earning 333 USD per month. Company was started by three people in 2011.

He comes from a business family, therefore it influenced his endeavors. In fact, his father guided him initially on the financial aspects of the business. And since they started a completely bootstrapped start-up, it helped them stay lean and focused. He didn't believe his start-up needed to go for funding and it always made sense to try and remain bootstrapped as much as possible. So he saved more than expected.

There was a time when he used to bid and get projects from Freelancer.com for as low as \$200. That's how they acquired their first 10-100 clients. He didn't find the need to allocate more resources other than freelance portals as he wanted to know how to do it right.

He used to bid for online projects because he was doing it well and he was doing it fast. His unending urge to grow got them listed on the top 1000 freelancers in the world in 2011 and 2012. Later he had their old clients referring them back.

Up until today, Appscrip has delivered over 350+ apps/year globally with an in-house team of 150+ developers, at an average of 45 days/app that otherwise would take almost 6-9 months to develop. His company had encouraged women entrepreneurs by helping them launch successful businesses across the globe.

They have received several awards and recognitions from Deloitte, Clutch, Good firms and bagged contracts from big names like ForeTees LLC, Byjus, Reliance JIO, Deutsche Bank, Tata Steel, Cairn, Coke, Harvard Medical, etc. With Appscrip generating an average monthly revenue of \$2,50,000, They are more than hopeful that their company will see a brighter future ahead as a global technology provider.

They are doing quite well as Appscrip was ranked among the top Economic Times India's fastest-growing 2020 Champions and the Financial Time's ranking of 500 high-growth companies from the Asia-Pacific region.
