EVIDENCE OF SUCCESS

Institution Innovation Council (IIC) was initiated by MHRD with a concern to bring awareness about entrepreneurial skills, improve business skills, increase in network, learn from others and apply professionalism among students. List of activities are conducted among aspiring entrepreneurs to enable and enhance their skills. The events conducted helps students to develop skills and knowledge they need to succeed in the world of entrepreneurship.

The concept of entrepreneurship has been growing rapidly in the recent past, and the youth of today have become more interested in starting their own ventures. However, starting a business from the scratch can be a daunting task, and it requires a lot of dedication, perseverance, and hard work. In recent years, entrepreneurship has become an increasingly popular career choice among students. With the rise of start-ups and the growing demand for innovative products and services, more and more students are looking to pursue entrepreneurship as their career path. These events and competitions can also help students develop a sense of belonging. These events bring together like-minded individuals who share a passion for entrepreneurship, creating a supportive community that can offer advice, guidance, and support to students on their entrepreneurial journey.

IIC believe in the power of entrepreneurship to drive innovation, create jobs, and transform societies. They are committed to support the next generation of entrepreneurs in their journey towards success, providing them with the necessary tools, resources, and support to realise their entrepreneurial dreams. The list of student entrepreneurs of the institute who are inspired by the activities conducted under IIC are considered as evidence of success.

SIR M. VISVESVARAYA INSTITUTE OF TECHNOLOGY

Hello Ejaz Sir,

Please find the necessary documents attached for the NBA accreditation purpose.

ExcelR Solutions was started in 2013 by my father Mr.RaghavaRam Tavva and Mr. Bharani Kumar as a partnership firm.

We are the market leaders in providing technical and trending courses like **Data Science, Digital Marketing, Artificial Intelligence, Cyber Security, Block-chain, Augmented Reality, Virtual Reality** and many more.

It's been over a year now since I have been a part of my company in one of the administrative roles and I deeply admire SIR MVIT and Mechanical Engineering Department in particular, for shaping me over a span of four years to endure the challenges of real life. And I would wish that our college remains to be one of the top colleges in our city if not beyond. Below attached is our website.
