Report

The SPANDANA - Social Outreach Club of Sir MVIT along with the JAIVIK club of Dept. of Biotechnology and Aavishkara: Science Forum jointly organized a Science Exhibition program at the institute to commemorate National Science Day, February 28, 2023.

Students of the 9th grade from Bettahalsoor Government High School were invited to witness this event. Spandana volunteers picked the school students from school to Sir MVIT on the day utilizing the Institution's transport facility. A total of 131 students from the school along with 3 teachers attended the event.

Inauguration of the event by lighting of lamp was done by Principal of Sir MVIT Prof. Rakesh S. G., Dr. H.G. Nagendra, HoD, Department of Biotechnology, Dr. S.K. Uma, Chair – Kala Kausthubha & HoD – Department of Mathematics, Dr. G.M Krishnaiah, HoD – Department of Chemistry, Dr Hariharan, HoD – Department of Physics. Followed by this Principal, Prof. Rakesh S.G. gave the inaugural address and highlighted the importance of inquisitiveness and curiosity in the young minds to learn the various inventions and principles of science. Further to this all the four HoDs gave their brief messages on National Science Day to all the students.

Through a presentation, a few students spoke about various scientists and their accomplishments in their field, which inspired the students to use technology to do things more efficiently as well as to realize that science offers unlimited possibilities.

BE students from 1st year exhibited 23 scientific models related to Physics, Chemistry, Mathematics and other scientific concepts at the Science Seminar Hall. 2nd year BE Biotechnology students have displayed 9 biology-based models and experiments at the Department of Biotechnology laboratories. The displayed models were related to different branches of science such as molecular models, PCR, 3 R's, solar powered cars, solar systems, human respiratory system, holograms etc.

The school students were divided into two groups of 15 led by two volunteer coordinators. The students were guided to each exhibit before casting their votes for the winning model. In addition to refreshments, return gifts were given to the students during the exhibition. At the end the most interactive student from each group was given a gift for their participation. Once the event concluded, all the school students accompanied by the volunteers were dropped back to school.

Overview of the event:

"World Cancer Day Commemorative Event and Stem Cells Donation Registration Drive" was organized on 3rd February 2023 by joint association of SPANDANA social outreach club of Sir MVIT and Department of Biotechnology, Sir MVIT and DKMS BMST. Every year, 4th of February is commemorated as World Cancer Day, to raise due awareness, dispel myths, provide accurate information, motivate proactive initiatives, and thus reduce the hazardous healthcare burden. The discussion platforms are also towards instilling confidence and make a positive difference to the lives of people with cancer and cancer-survivors, and more importantly, to the care-takers of such population.

Session 1: Blood Cancer, Blood Stem Cell Transplantation and Donor Registration Drive by DKMS-BMST:

The event started at 9.30AM. Dr Rashmi KV welcomed the gathering and introduced the facilitators from DKMS-BMST. Ms. Ashitha Steffi J. Associate, Donor Recruitment gave introductory remarks on blood cancer and blood related disorders, Mr. Mahamithra S.R. Senior Associate, Donor Recruitment highlighted the importance of stem cell donation to needy patients and the process associated with stem cell donation. DKMS-BMST is an international stem cell registry that works towards its mission of giving every blood cancer patient a second chance at life, by raising awareness about the importance of stem cell donations and thereby, increasing the number of potential donors in India. After this session donor registration form was given to all the interested volunteers and buccal swab samples were collected.

Session 2: Advancing Therapeutic Drug Discovery: Evaluation of Drug Safety and Prioritization of Investigational Drugs:

After the tea break the second session of the event by Dr. Chaitanya N. Hiremath started at 11AM. Prof. H. G. Nagendra introduced the speaker to the gathering. Dr. Chaitanya Hiremath is a distinguished drug discovery scientist, educator, advisor, mentor, reviewer, founder, and inventor, specializing in Bioinformatics and Cheminformatics. He has a Master's degree in Solid State Physics and a Ph.D. in Molecular Biophysics. He was awarded the Gold Medal in Physics and the State Award in Science among others. He was a senior fellow at Harvard Medical School and a visiting scientist at Massachusetts Institute of Technology. Dr. Hiremath has world-class

academic, teaching, and biotechnology industry experience. Dr Chaitanya has detailed on his patented APOD methodology for drug discovery has proved beneficial in the prioritization analysis of safety profiles of COVID-19 drugs. He also explained his science education, open-access peer-reviewed paper on the BIIG problem-solving method that he developed to enhance the students' learning experience in science, has over 18000 downloads worldwide. Dr. Hiremath has been granted a patent for the design of the World Flag based on the scientific tree of life. He has given several invited talks at international conferences and meetings including the United Nations. Prof. Hiremath spoke about his initiative SEALOEarth. SEALOEarth (pronounced as, seal-o-earth), stands for "Serene Environment and Life On Earth", and its mission is to heighten awareness of the responsibility of all people to manage global resources in a sustainable way, regardless of an individual's country of origin, cultural background, spoken language, or religion.

Session 3: General awareness on cancer – prevention, causes, diagnosis and treatment.

Post lunch session was by Dr. Punyashree R.M. Associate Consultant – Gynaec Oncology, Cytocare Cancer Hospitals. In this expert session doctor highlighted the various causes of cancer, ways to reduce them by preventive measures, importance of early diagnosis and regular health check-ups for mid aged women and men. He also highlighted on the various treatment strategies available for various cancers.

After all the three sessions Dr Rashmi K V thanked all the resource persons, volunteers and participants. All the participants were given with an e-feedback form and e-certificate for participation.

In order to eliminate cancer, we need to work on three parameters, 1. Awareness 2. Drugs discovery and research 3. Willingness to donate stem cells and blood components. The event planned to cover all the three areas. Students highly appreciated all the sessions and event was successful.

Thanking Note from DKMS-BMST

Dear Ms. Rashmi,

We express our sincere thanks to Sir M Visveswaraya Institute of Technology for facilitating a DKMS-BMST donor drive on 3rd February, 2023.

You would be happy to know that 222 persons signed up as potential stem cell donors. Their buccal swab samples will be tested and the anonymized results (only age, sex, HLA typing) will be made available on the worldwide registries which are searched daily for patient-donor matches.

We thank all the volunteers who helped us conduct the donor drive and their sincere efforts in making the event a success. We look forward to continued support from you and your organization to the cause of supporting blood cancer patients looking for matched stem cell donor.

Thanking you.

Yours sincerely,

Sayantan Datta Gupta

SPANDANA - Social Outreach Club
“World Environment Day” 5th June 2023

Report

World Environment Day, celebrated annually on June 5th, is a global event aimed at raising awareness and promoting action for the protection of our environment.

Spandana - Social Outreach Club and NSS (National Service Scheme) - Sir MVIT Chapter organized a remarkable celebration for World Environment Day. The event aimed to raise awareness, promote environmental consciousness, and encourage action among the students and faculty members of the institution.

Tree Plantation Drive:

A tree plantation drive was organized within the college campus, focusing on enhancing the green cover and promoting a sustainable environment. Prof. Rakesh S.G., Principal Sir, MVIT and Chief Guest of the day Shri D. Balayya, Sr. DGM, Rites Ltd., inaugurated the event by planting the saplings. Dr. S.K. Uma, Prof. & Head, Dept. of Mathematics & Chair-Kalakausthubha graced the occasion with other HoDs. Students actively participated in planting saplings of native trees, creating a lively atmosphere of environmental stewardship. The activity aimed to encourage the students to take responsibility for nurturing and preserving the campus ecosystem.

Awareness Session by Shri D. Balayya:

This session covered a range of environmental topics such as waste management, renewable energy, water conservation, and biodiversity conservation. Expert speaker shared his knowledge and experiences, engaging the participants in thought-provoking discussions. 120 students across the branches, NSS and Spandana volunteers attended the session.

Clean Up Drive:

As part of the celebrations, a clean-up campaign was organized, focusing on keeping the campus and surrounding areas of Sugatta village clean and free from litter. 400 students from 1st year engineering participated in the cleanup drive. Students formed groups and enthusiastically participated in the campaign, collecting and segregating waste materials. This activity aimed to instill a sense of responsibility and promote the importance of maintaining a clean environment. After this drive, all the students were provided with refreshments before dispersion.

The joint efforts of Spandana - Social Outreach Club and NSS - Sir MVIT Chapter in organizing the World Environment Day celebrations at Sir MVIT were commendable. The event successfully raised awareness, engaged students, and fostered a sense of responsibility towards the environment. Through activities such as tree planting, awareness workshops, clean-up campaigns, the celebrations provided a platform for students to actively participate in environmental initiatives and contribute to ecosystem restoration. Such events play a crucial role in nurturing a generation of environmentally conscious individuals who will be at the forefront of promoting sustainability and creating a greener future.

SUB: Attendance for students towards volunteering for organizing World Environment Day on 5th June 2023

The students in the attached list have volunteered in organizing the **World Environment Day Event** conducted in the campus on **5th June 2023**. They have helped in coordinating the saplings planting, guest lecture in the morning session and the clean-up drive which was held in the afternoon session. Hence, we request you to provide them the attendance for 5th June 2023.

Respected Sir,

Sub: Request to grant permission for organizing a community outreach activity to commemorate the National Science Day on 28/2/2022 -reg.

With reference to above, we would like to bring it to your kind notice that, on 28th February of every year, our department is organizing the community outreach activities to commemorate "National Science Day".

This year too, we wish to invite the nearby government high school students, PUC students, teachers and for an exhibition-cum-awareness event on biotechnology-based projects and experiments, which would be conducted by our 1st semester and 3rd semester students.

The expenses for the event will be utilized from our AICTE SPICES Grant (which was received last year), which is deposited in the JAIVIK forum account.

In this regard, I request your kind self to grant us permission for conducting this event and as well, utilizing Rs. 35,000/= (Rupees Thirty Five Thousand Only) from the SPICES grant, and oblige. The details of the proposed expenditure, is herewith attached for your kind perusal.

Sl. No.	Particulars	Amount in Rs.
1.	Prizes and gifts for students	10000/-
2.	Refreshments and lunch	13000/-
3.	Accessories and components required for building models and experiments	10,000/-
4.	Miscellaneous	2000/-
Total		35,000/-

Thanking you,

Dr Rashmi K V
Assistant Professor & Event- coordinator

Commemoration of National Science Day
26th February 2022- Community Outreach Program
Report

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1928. Department of Biotechnology, Sir MVIT commemorated this event by organizing exhibition of scientific models and demonstration of biotechnology experiments at the different labs of the department. These exhibitions were witnessed by 25 high school students from Sri Kodandarama Highschool, Mittur and 33 PU students from Presidency School, Kasturinagar. The event was coordinated by 1st and 3rd semester BE Biotechnology students. Preparation of all the scientific models at the different labs and demonstration of experiments was done by 1st and 3rd semester BE Biotechnology students towards AICTE-VTU activity points.

The guests of honour the event were Prof Jagadish Mittur, Director-Operations, Rico Winery and Mrs Sujaya Jagadish, Psychologist and Philanthropist. Prof. H G Nagendra, HOD, Department of Biotechnology welcomed the guests, school students and teachers. Prof Jagadish Mittur gave a detailed speech on inclusion of rural community students by urban students towards their better learning. After the inaugural session, all the students were divided into subgroups of 10 students each for lab tours. Students visited Bioinformatics, Microbiology, Genetic Engineering, Biochemistry, Fermentation Technology, Unit operations and Process Control labs. All the labs demonstrated some of the exciting scientific models and experiments to students. Every laboratory demonstrated many experiments like Agar art, Effect of carbonated drink, Milk Quality test, DNA isolation, Plant Tissue Culture, Heat exchanger, Filtration, Protein structures etc..to students to kindle their scientific spirit. Many biological working models like Biogas, Hydroponics-Aquaponics, Bacterial Cell, Drug Delivery, Thermal Power, Signal Transduction, Quantum dots etc. were also demonstrated by our students. Beyond this school students have also visited Aspartika Biotech Pvt. Ltd. Labs. After the visit of every lab feedback poll was collected from all the students. After the lunch break an interactive session for rural school students with urban school students was organized to explore contacts among themselves for better learning experience.

Prof H G Nagendra, Head, Dept. of Biotechnology made concluding remarks on the event and distributed the saplings to the school teachers as a token of appreciation. Few of the most interactive students High school and PU college were awarded with prizes. School teachers also shared their feedback of the event and highly appreciated the efforts by the students and staff towards explaining all the science themes to the students and they also mentioned the whole exercise was very useful to those school students.

Overall this whole event has helped students of BE-Biotechnology towards programs outcomes on engineers concerns towards society (PO6), their ability to work in teams and as individuals (PO9) and also their communication skills in teaching and convincing the students on the concepts (PO10). All the soft skills learnt through such societal activities are part of life-long learning process (PO12). We are extremely thankful to AICTE-SPICES, Sri KET and Sir MVIT for the support towards the successful conduction of this event.

A One-Day Outreach Event on

(In Commemoration of World Environment Day 2022)

“Innovative Techniques in Waste Management” – 4/6/2022

Department of Biotechnology, Sir MVIT organized a one-day outreach program on **“Innovative Techniques in Waste Management”** on 4th June 2022 in commemoration of World Environment Day. There were 25 rural high school teachers and instructors associated with M/s Agasthya Foundation have participated in the event. Agasthya International Foundation is an Indian education trust and non-profit organization based in Bangalore, India whose mission is to spark curiosity, nurture creativity and build confidence among economically disadvantaged children and teachers in India. All these teachers have come from all regions of Karnataka representing many districts. Mr Suresh T S and Mr Dileep authorities from Agasthya Foundation have accompanied the teachers.

Prof H G Nagendra, HOD, Dept. of BT, Sir MVIT welcomed all the participants to the event and gave a formal introduction of the event. Followed by this there were three plenary talks on various aspects of waste management. Mr. Srinivas B V, Director and CEO, Aspartika Biotech Pvt. Ltd, Bengaluru spoke on Agri Waste management. Mr Ramesh Kumar BN, Chairman, Prakruthi Institute of Environmental Studies, Bengaluru highlighted on Plastic Waste Management and Dr Sudevi Basu, Assistant Professor, Dept. of BT, Sir MVIT explained e-Waste management.

After the plenary lectures, in various labs of the department students exhibited several models in different types of waste management techniques. There were 19 posters and experiments showcase in laboratories, namely, Microbiology lab, Biochemistry lab, Molecular Biology lab, Bioinformatics lab, Unit Operations lab and Fermentation lab.

After the lab session feedback was collected from the participants. Some of the participants expressed their views about the sessions. All the participants appreciated the models and experiments very well and they were very excited to demonstrate them for their respective school students.

Prof H G Nagendra, HOD, Dept. of BT, Sir MVIT thanked all the participants for their active participation and also thanked Mr Suresh T S and Mr Dileep for coordinating this event. All the participants were presented with a sapling and a handbook on waste management as a token of appreciation.

In conclusion, the event was very successful. Both the participants and the coordinators from MVIT BT department and Agasthya Foundation felt very satisfied being the part of this activity.

To
The Principal
SIR MVIT, Bengaluru.

Respected Sir,

Sub: Approval for conduction of 3 day webinar (FDP):Reg

This is to inform you that the Department of Mathematics is planning to organize a 3 day webinar from 22nd to 24th December 2021 to commemorate the birthday of the great Mathematician Srinivasa Ramanujan. We have identified three resource persons to speak on different applications of Mathematics and also usage of ICT tools in teaching and learning process. The details of the resource persons are as follows

Sl.No.	Name of the resource person	Topic
1	Dr Srikanth Assistant Professor, MSRIT, Bengaluru.	Visualization of Mathematics using Geozebra tool.
2	Dr Devaraj N Post Doctoral Researcher, Oslo, Norway.	Applications of Mathematics in climate control.
3	Dr G C BanuPrakash Professor & Head of Computer Science and Engineering, SIR MVIT, Bengaluru.	Usuage of ICT tools in teaching and learning process

I request you to kindly approve and sanction Rs.4000 towards the remuneration for external resource persons.

Thanking You

Greetings from Sir M Visvesvaraya Institute of Technology, Bengaluru 🇮🇳

We are happy to announce that the Department of Mathematics, Sir MVIT is organising a webinar on "INNOVATION IN MATHEMATICS"

Resource Persons :

Day 1: 22nd Dec, 2021

👤 Dr. G C Bhanuprakash,
Professor and HODDepartment of Computer Science and Engineering
SIR MVIT, Bengaluru.

Topic : "Usage of ICT Tools in Teaching and Learning Process".

Day 2 : 23rd Dec, 2021

👤 Dr. Devaraju Narayanappa
Postdoctoral Researcher,Department of Geosciences
University of Oslo, 0315 Oslo, Norway.

Topic : " Application of Mathematics in Global Climate Modelling".

Day 3 : 24th Dec, 2021

👤 Dr.Srikantha N
Assistant Professor,Department of Mathematics,
M.S. Ramaiah Institute of Technology,Bengaluru.

Topic : " Visualization of Mathematical Concepts Using Geogebra Tool".

Key competencies and strengths

- 11 years of research experience in ecosystem-atmosphere interactions & Earth system modelling.
- Strong data analysis & programming skills especially with Python.
- Excellent English speaking & oral presentation skills.
- Strong team-work spirit with experience of working in international environments for years.

Experience

- August 2020 – Present **Postdoctoral Researcher** Department of Geosciences, University of Oslo, Norway. Researching ecosystem-atmosphere interactions using climate models. Land Model developemnt focusing on Dissolved Organic Carbon modeling, performing simulations on supercomputers, analyzing big data, drafting deliverables, and writing peer review publications.
- May 2015 – July 2020 **Scientific Researcher** LSCE/IPSL,CEA Saclay, France Research on ecosystem-atmosphere interactions using climate models. European Nitrogen fertilizer reduction policy impacts on ecosystem. Coupling land & atmosphere models, performing simulations on supercomputers, analyzing big data, drafting deliverables, and writing peer review publications.
- Jan 2010 – Apr 2015 **Postdoctoral Researcher(2010-12) and Project Scientist (2012-15)** IISc, India Research on ecosystem-atmosphere interactions, carbon-nitrogen cycle interactions, and local versus remote effects of deforestation using climate model. Responsibilities include porting climate models on supercomputers, performing simulations, analyzing big data, and writing peer review papers.

Education

- 2005 – 2009 **Ph.D. Applied Mathematics** Bangalore University, India Thesis title: *Mathematical modelling of dispersion of atmospheric aerosols.* In-depth studies on the mathematical modelling of the atmospheric turbulent fluid and aerosols as a solid-fluid mixture and investigation on the effects of porous parameter, deformation of aerosols, chemical reaction, and electric field on the dispersion of aerosols.
- 2003 – 2005 **M.Sc Mathematics** Bangalore University, India Some important subjects studied are Ordinary and Partial differential equations, Numerical methods, Fluid mechanics, Mathematical modelling, and Magneto-hydrodynamics.
- 2000 – 2003 **Bachelor of Science** Bangalore University, India Focus: Physics, Mathematics, and Electronics.

Teaching

- Lecturer in *Mathematics (Taught Differential Calculus, Differential Equations, Fourier series, and Fourier Transformation)*, M.S.R.I.T., Bangalore (India), Aug-Dec 2009.
- Taught *Engineering Mathematics to Bachelor of Engineering students* at University Visveraya College of Engineering,BU, Bangalore (India), from Sep 2005 to Jul 2009 as a part of Department of Science and Technology funded project.

International Recognition

- Contributing author and Expert Reviewer to IPCC special report on Climate Change and Land (2018-19).
- Contributed to FP7 EU project LUC4C (2015-17), H2020 EU project IMBALANCE-P (2017-18) and French project STIMUL (2018-2020). Currently contributing to GreenBlue project (2020-present), Norway.
- Invited to teach *Terrestrial ecosystem carbon and climate change using UVCDAT* at 2nd CORDEX South Asia Science Training Workshop held during 27-30 August 2013 at the International Centre for Integrated Mountain Development, Kathmandu (Nepal).

Awards

- Received CNRS (France) grant award for the participation in European Research Course on Atmospheres in Grenoble, France (January-February 2011).
- Received grant award from International Council for Science & Institute of Mathematical Sciences, National University of Singapore for participation in Spring School in Fluid Mechanics and Geophysics of Environmental Hazards (April-May, 2009). Contributed to a project *Long-range transport and air quality* with the supervision of Professor Peter Haynes, Department of Applied Mathematics and Theoretical Physics, Cambridge University (UK).
- Received Zindal Scholarship award for excellence during Masters program (2005).

Climate model and supercomputer

- Good experience in porting & running global climate models like NCAR Community Earth System Model (CESM), Community Land Model (CLM), Institut Pierre Simon Laplace Climate Model (IPSL-CM6) and Land Surface Model (ORCHIDEE) on supercomputers.
- Extensively used supercomputers IBM Regatta, Tesla Cluster, Ecology Cluster (Stanford, USA), CURIE and IRENE (CEA, France) to run the global climate models and data assimilation.

Report

The department of mathematics organized 3 day webinar from 22nd to 24th December 2021 on "Innovation in mathematics & usage of modern tools" to commemorate the birth day of the great mathematician Srinivasa Ramanujan.

The details of the resource persons are as follows.

1. Dr. G. C. Bhanuprakash
Prof & HOD, Dept of CSE
SIR MVIT, Bengaluru

Title: Usage of ICT tools in teaching and learning process

2. Dr. Devoraju Narayanappa
Post doctoral researcher
Department of Geosciences
University of Oslo, Norway

Title: Applications of Mathematics in global climate modelling

3. Dr. Srikantha. N
Assistant Professor.
Department of Mathematics
MSRIT, Bengaluru.

Title: visualisation of mathematical
concepts using Geogebra tools.

Around 145 faculty were participa-
-ted in the webinar.

The Principal
SIR MVIT, Bengaluru.

Respected Sir,

Sub: Approval for conduction of 3 day webinar (FDP):Reg

This is to inform you that the Department of Mathematics is planning to organize a 3 day webinar from 22nd to 24th December 2021 to commemorate the birthday of the great Mathematician Srinivasa Ramanujan. We have identified three resource persons to speak on different applications of Mathematics and also usage of ICT tools in teaching and learning process. The details of the resource persons are as follows

Sl.No.	Name of the resource person	Topic
1	Dr Srikanth Assistant Professor, MSRIT, Bengaluru.	Visualization of Mathematics using Geozebra tool.
2	Dr Devaraj N Post Doctoral Researcher, Oslo, Norway.	Applications of Mathematics in climate control.
3	Dr G C BanuPrakash Professor & Head of Computer Science and Engineering, SIR MVIT, Bengaluru.	Usuage of ICT tools in teaching and learning process

I request you to kindly approve and sanction Rs.4000 towards the remuneration for external resource persons.

Thanking You

Yours sincerely

Dr. S. K. Uma

National Science Day Celebration 28th February 2020 – Community Outreach Program

Report

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1928. Department of Biotechnology, Sir MVIT commemorated this event by inviting 140 High school students from Govt. High School, Bettalsur.

All the students were divided into subgroups of 10 students each for lab tours. Students visited Bioinformatics, Microbiology, Genetic Engineering, Biochemistry, Immunotechnology, Unit operations and Process Control labs. Bioinformatics lab showed some exciting videos on communicable diseases and also the novel COVID19 and its infection mechanism. Microbiology lab demonstrated experiments of motility, bacterial culture, effect of carbonated drinks on teeth and this lab also explained models on Parkinson's disease, Respiratory system, Kidney functions. Genetic Engineering lab showed DNA isolation and Cell division experiments, a model of recombinant DNA technology was explained and also the project on nutritional formulation was displayed. Biochemistry lab showed milk adulteration test and ADME model. Immunology lab demonstrated blood typing test and fermentation process. Unit Operation lab demonstrated liquid-liquid extraction, distillation, leaf filter experiments and the project on reclamation of Pomegranate industry waste into useful products. The bioprocess automation lab exhibited a model on Biogas production. All the models and experiments were demonstrated by 4th, 6th and 8th Semester students of BE-Biotechnology. The overall co-ordination of the event was done by the 4th students of BE-Biotechnology.

Dr Manjunth Ramarao, from Bristol-Meyers Squibb addressed the school students and highlighted the importance of pursuing the passion life. He explained the achievements of Dr Y Subbarao as an example of chasing the dreams in life and contributing to science irrespective of challenges. Prof H G Nagendra, Head, Dept. of Biotechnology distributed the mementoes to the school teachers. The Head Mistress of the School Mrs Chandrakala gave her feedback on the event. She highly appreciated the efforts by the students and staff towards explaining all the science themes to the students and she also mentioned the whole exercise was very useful to those school students.

Overall this whole event has helped students of BE-Biotechnology towards programs outcomes on engineers concerns towards society (PO6), their ability to work in teams and as individuals (PO9) and also their communication skills in teaching and convincing the students on the concepts. We are extremely thankful to Sri KET and Sir MVIT for the support towards the successful conduction of National Science Day 2020.

Respected Sir,

Subject: Thanking for involving our students for National Science Day 2020 celebrations

We are extremely grateful to Department of Biotechnology, Sir M Visvesvarya Institute of Technology for having invited our teachers and 8th and 9th standard students for the science exhibition at your various labs in commemoration of National Science Day celebrations on 28th February 2020. All the experiments demonstrated and scientific models displayed were greatly appreciated by our students and staff. We express our heartfelt thanks to the entire faculty and BE students who involved in making this event very successful.

We look forward to have many more such student helpful activities in association with you.

Thanking you

Yours faithfully

Respected Sir,

(THROUGH PROPER CHANNEL)

Sub: Request to grant permission to conduct National Science Day celebration as community outreach program on 28th February 2020- reg.

We would like to inform your kindself that, Department of Biotechnology, Sir M Visvesvaraya Institute of Technology has organized Biology Exhibition to commemorate the National Science Day on 28th February 2020. This exhibition is planned for high school students to kindle their interest in Biology. There will be biology models and experiments demonstrated to students at the various laboratories of our department. Around 100 high school students from Bettahalsur are invited for the program.

Execution of this outreach program helps our BE Biotechnology students to attain POs 6, 9 and 10.

This event is planned under the department forum activity and money is sanctioned from Sri KET (Order copy enclosed). The event will be between 10AM to 1PM followed by lunch.

In this regard we request your kindself to grant permission to conduct this outreach event and oblige.

Thanking you,

**Report on one day “Awareness program on Rabies control and management” conducted on 5th April
2019 to commemorate World Health Day 7th April 2019**

Department of Biotechnology, Sir MVIT has organized a one day “Awareness program on Rabies control and management” on 5th April 2019 to commemorate World Health Day 7th April 2019 in association with Dr. Shampur Madhusudana Trust & Foundation for Neglected Disease Research (FNDR). Dr. Shampur Madhusudana Trust which is founded by Girija Madhusudana in memory of her husband Late Dr. Shampur Madhusudana who was a renowned scientist of international repute in Rabies research. This trust is actively involved in creating awareness on Rabies control and management with a vision of Rabies free India. Foundation for Neglected Disease Research (FNDR) is a research body housed at Sir MVIT incubation centre is actively involved in neglected disease research like Rabies.

The first half of the event was an outreach activity to the nearby Sir MV Government Primary School at Hunsamaranahalli. Around 200 school kids belonging to 4th to 8th standard participated in the event. Dr. Hridhar Narayana, CEO, FNDR welcomed everyone and introduced the guests. Dr Chandrashekhar from Dr. Shampur Madhusudana Trust gave introduction of the event and showed a video on the implications of Rabies to the students. Dr Someshwara Narappa, a medical expert and also the popular quiz master of DD Chandana’s quiz show “thatt antha heli” was also a guest in the event and he explained the students about every details regarding the prevention and control of the Rabies trough animal bites or contact. All the students who asked genuine questions and answered doctor’s questions were presented with a sapling as a token of appreciation. After Dr Someshwara’s session a pledge as taken by all the participants on eradicating Rabies from our community. The event organizers thanked the school for giving the opportunity to communicate to the students.

The second half of the event as conducted at the Sir MVIT CS seminar hall for all the interested students and staff. All the BE Biotechnology students and staff participated in the post lunch event. Before the event the guests had a short meeting with the Principal Sir MVIT Dr V R Manjunath and had discussions on the objectives of the event. Principal wished the organizers the success of the event. Dr H G Nagendra, Head, Dept. of BT, Sir MVIT welcomed the gathering and introduced the guests. Dr Chandrashekhar from Dr. Shampur Madhusudana Trust gave introduction of the event and showed a video on the implications of Rabies to the students. Dr Someshwara Narappa gave a detailed presentation on the Rabies infection and its implications. It was truly a brainstorming session and it kindled everyone’s interest to know more about. Many students and faculties asked lot of questions to medical expert to solve the myths and to know the facts related to Rabies. Dr Shandil, Director, FNDR gave vote of thanks. Dr Parvinder Kaur from FNDR and Mrs Rashmi KV from Sir MVIT presented mementoes to all the guests.

On a whole the event was very fruitful in creating awareness among the community on the Rabies control and management.

Respected Sir,

Sub: Request to grant permission to use EC department's LCD projector on 5th April 2019-reg.

For the “Awareness program on Rabies” on 5th April 2019, we request your kind self to grant permission to use EC department's mobile LCD projector. We are conducting this event as an outreach program also to the school children of Hunasamaranahalli Govt. School.

There are some video and PPT contents to be shown to the school kids hence we need a good mobile LCD projector. In this regard, we request your kind self to grant permission take this LCD projector to school and use. We assure you, we will handle LCD projector carefully and return it to the EC department safely. Kindly permit and oblige

Thanking you,
