A Report On
One Week Online Short Term Training Program On
“MATLAB for All”

08.06.2020- 12.06.2020

FINAL REPORT ABOUT THE PROGRAMME

The department of Electrical and Electronics Engineering of Sir M.VIT was organized a One Week Online Short Term Training Program On “MATLAB” during 08.06.2020 to 12.06.2020. About 20 participants were registered for the workshop from EEE department. The Programme was inaugurated by Dr H L Suresh, HOD of EEE Dept. of Sir MVIT. He had explained about the recent trends in the aviation sector and the usefulness of MATLAB Tool box in Control research. Also he have insisted for the inclusion of real time testing Mechanisms in the curriculum for the easier understanding of the course. There were totally five sessions were arranged on these one week program excluding the Inaugural part. Speakers were selected such that they are having enough knowledge and presentation skills in the domain considered. Separate sessions were assigned for discussions and analysis. Where ever possible real time demo was arranged. Last session demo about the Simulink module for motor speed control for industrial applications gives the students a real time exposure about the Hardware systems.

Dr Sivapriyan had given a presentation about the R&D activities using MATLAB and he had insisted for the collaboration of the various colleges to work on FPGA systems. Also she had invited the interested students to join with IISc working team to learn and practice with the DSP design tools. Since major portion of the participants are from entry level to their career, the presentations were very fundamental and at the same time higher quality was maintained. The students were really enthusiastic and willing to learn taken the opportunity to meet the demands of the industry. The following schedule was implemented for the entire Programme.

All the presentation materials were given to the participants in the form of CD. Feedback being collected from the participants and they have shared their views and expectations during the valedictory ceremony. As the continuous process of this workshop it was decided to conduct one national conference on MATLAB systems in the month of January,2022.Also the final year EEE students who are having no idea about the DSP, till then were motivated to do the project on the various problems which can be solved by DSP design. In this manner the core objective of the Programme was achieved to certain extend.

DAY-3 (07.08.2019, Wednesday)

Activity	Yoga & Meditation, Visit to nearby Village schools, Audition for Sports and Games, Competition in Public Speaking, Sketching etc., Audition for Cultural Activities etc.
-----------------	---

The Yoga & Meditation with Light Exercises were conducted by the Yoga programme co-ordinators Prof. Vijayashree (ECE) & Prof. Ramya (CV) for the sections E, F, G, H on 7-8-2019; for sections I, J, K, L on 8-8-2019; and for sections A, B, C, D on 9-8-2019. For all these sections the programme was conducted between 9am to 1pm.

This 3 days programme was about learning warm up exercises, yoga, pranayama and meditation for the physical and mental fitness of the body. All forms of exercise are important for the body. The right amount of it keeps us flexible, which reduces the joint pain and improves longevity. All forms of warm up exercises, cardio exercises and Surya Namaskar or Sun salutation were taught. Surya Namaskara is a gesture of showing gratitude to the Sun. It is a set of 12 yoga asanas which brings body, breath and mind together and keeps the body flexible. Next, the trainers concentrated on various Yogasanas. Yogasana improves flexibility, muscle strength, healthy respiration and maintains a balanced metabolism.

After Yogasana session, Pranayama and meditation session was arranged. 'Prana' means 'Breath' and 'Ayama' means 'Control' so it is called as Pranayama. Pranayama is the perfect breathing exercise which increases the positive energy level in the body and removes toxins. Pranayama (breathing exercises) supplies more oxygen to the body. Pranayama is the key to a healthy body and mind. Those who practice it regularly, will feel very energetic throughout the day.

The feedback received from the participants was very good. Thus, this 3 days programme was conducted very successfully.

NATURAL PRODUCTS

Introduction

In the recent years, there is a tremendous growth of herbal medicaments and a progressive popularity in accepting traditional medicines and Ayurveda as a system even in Western / European countries. With the present potential of approximately 70-80 billion dollars of global market, the herbal industry is expected to touch around \$ trillion dollars by 2050. India has a strong indigenous knowledge of traditional therapies and huge untapped resources to become front runner in the arena of herbal drug discovery. Indian industry has to gear up to become a leader in herbal products and develop associated critical talent pool in prime areas like pharmacology, phytochemistry, bioprocess and biotechnology, tissue culture, medicinal chemistry, bioassays and clinical trials, etc.

After post GATT scenario, Pharma industry has diverted lot of its attention and funds towards developing new molecules which can be patented. The untapped knowledge of potential therapeutic substances from the herbs can be a treasure for drug research in India.

The skill set available to work in this developing sector is dominating, as interests of the graduates is skewed towards affluent professions like IT and other allied services. The courses offered in biological sciences and biotechnology are not aligned with the requirement of industries and thereby the qualified graduates often find difficulty in getting suitable jobs. This workshop will not only help the students to get acquainted to the technological advancements in the pharma industry but also expose them to various opportunities available in the Phytopharmaceuticals sector.

The Himalaya Drug Company

Himalaya is household brand today. Every second, 10 Himalaya products are sold globally. With a range of over 300 products spanning pharmaceutical, personal care, animal health and wellness space, Himalaya touches the lives of millions of customers worldwide, giving them products that help them lead healthier, enriched lives. Himalaya is focused on converting Ayurveda's herbal tradition into a range of proprietary formulations dedicated to healthy living and longevity. Himalaya scientists have been closely researching herbs for over 80 years. During this time, it has launched several breakthrough formulations. Himalaya's seed-to-shelf philosophy ensure that it stay engaged in the entire process of product development - from raw material to finished product. Himalaya monitors that herbs are collected in a sustainable way or cultivated in a natural bio-friendly environment. Today, worldwide, the Himalaya brand is synonymous with safe and efficacious herbal healthcare and personal care products. It has a network of offices in over 90 countries to help us stay connected to our customers.

Sir M VIT

Started in 1986, Sir M VIT has been a institute of technical repute in the state of Karnataka, offering nine undergraduate programmes and five post-graduate programmes. The institute is affiliated to Rasthewara Technological University (VTU) and approved by the All India Council for Technical Education (AICTE). The institute is also certified by QSIR, ISO and ISO-9001:2008. Most of its courses are accredited by the National Board of Accreditation (NBA), New Delhi. Seven of its departments are secured as A & B centers by VTU. The faculty of the institute are carrying out projects sponsored by various funding agencies like KJ Somaiya, IITC, ARDOR, DST, DBT, VTU, Ministry of power, etc.

Dept. of Biotechnology

Sir M VIT was the first college under VTU to realize the need for an Engineering Course in Biotechnology wherein a student's mathematical abilities, computational talent and analytical skills, could be trained to appreciate the complexities of the biological world. The long-term objective of developing such an interface is directed towards sustainable growth & development, while generating products relevant to society.

After its inception in 2002, the Department of Biotechnology at Sir M VIT has resolutely worked towards targets and milestones. Equipped with quality lab facilities for graduate, post-graduate and research programs, the department is aiming to achieve excellence in select domains related to bioscience, bioengineering and biotechnology.
