ShareChat

Sir M. Visvesvaraya Institute of Technology
To Whom It May Concern,

My name is Md. Danish Kalim, a Staff Machine Learning Engineer, currently leading the Feed Ranking Team at ShareChat - a prominent social media and social networking platform in India. ShareChat takes pride in catering to a diverse user base of over 250 million active monthly users across 15 Indian languages.

Name: Arjun Garg
Roll No.: 1MV19CS023

I am writing to confirm that Arjun Garg has successfully completed a Software Engineering internship program with a focus on Data Engineering at Sharechat from July to October 2022. Arjun is a highly motivated individual who demonstrated a solid understanding of the concepts of data engineering and its practical application in solving business problems related to data quality during his internship.

Furthermore, Arjun exhibited excellent communication skills and was able to collaborate effectively with team members to comprehend project requirements and present his findings and recommendations to the team.

Projects.

1. Golden dataset: Single data source of truth for entire AI and Product team to work with.
2. Feature Quality monitoring: Quality checks(coverage, distribution, consistency, and correctness) on health of online and offline features used in ranking system.

Please feel free to reach out to me if you have any additional inquiries regarding this letter.

Best regards,

Md Danish Kalim

Dear Student,

We would like to congratulate you on being selected for the Full Stack Web Development Internship position with Varcons Technologies Pvt Ltd, effective Start Date 23rd August, 2022. All of us are excited about this opportunity provided to you!

This internship is viewed as being an educational opportunity for you, rather than a part-time job. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts of Full Stack Web Development through hands-on application of the knowledge you learn while you train with the senior developers. You will be bound to follow the rules and regulations of the company during your internship duration.

Again, congratulations and we look forward to working with you!.
