Placement related information for final year students

Dear Final Year Students,

I am sure, many of you, especially those who have cleared campus interview and have received offer letters from companies may be concerned about their job offer in view of lockdown due to COVID-19. I have received a report from the Training & Placement Director in this regard and the brief highlights are as follows:

1. The T&P Director is in constant touch with the companies such as ACCENTURE, TCS, INFOSYS etc. who all have been continuously assuring us about honoring each offer letter.
2. The T&P Director has requested companies to send assuring mail to students regarding their joining, which many have started sending and others are planning to send shortly.
3. Fortunately, till date no company has given any indication about withdrawal of the offer. However, in this unexpected situation, there may be some delay in date of joining due to delay in completion of VIII Sem. Exam and declaration of result.
4. In order to keep students engaged during Lockdown period, companies are keeping in touch with selected students with engagement programmes which covers their training activity also.

I appeal to final year students not to worry. We shall all hope that normalcy will be restored and this Lockdown end soon so as to enable you to complete your exams and join the companies at the earliest.

We will not leave any stone unturned to ensure that your career is safe and not affected by the unprecedented vagaries of time

Yours Sincerely,

PRINCIPAL, SIRMIT
