I SEMESTER Bachelor of Engineering

Three week long mandatory non- credit Induction Program

For the UG students entering the institution, right at the start. Normal classes start only after the Induction program is completed.

Preamble

Engineering institutions are set up to generate well trained manpower in engineering with a feeling of responsibility towards oneself, one's family, and society. However, often, the incoming undergraduate students are driven by their parents and society to join engineering without understanding their own interests and talents. As a result, most students fail to link up with the goals of their own institution.

Students, who enter an institution, will have come with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large and nature, and inculcate in them the ethos of the institution with a sense of larger purpose.

The graduating student must have knowledge and skills in the area of his/her study. Character needs to be nurtured as an essential quality by which he/she would understand and fulfill his/her responsibility as an engineer, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed.

Therefore, a Program is needed to

- Help the newly joined students feel comfortable,
- Sensitize them towards exploring their academic interests and activities,
- Train them to work for excellence,
- Build relations between teachers and students,
- Impart a broader view offline,
- Build character,
- Develop awareness and sensitivity to Human Values,
- Create feeling of equality, compassion and oneness,
- Develop attention to society and nature.

An induction program for the UG students entering the institution, right at the start, serves the purpose. The program also makes them reflection their relationship with their families and extended family in the college (with hostel stay and others). It also connects students with each other and with teachers so that they can share any difficulty they might be facing and seek help.

The Induction Program can also be used to rectify some critical lacunas, for example, English Back ground, for those students who have deficiency in it.

Activities of the induction program

Induction program includes;

Physical Activity, Creative Arts, Universal Human Values, Literary, Proficiency Modules, Lectures by Eminent People, Visits to Local Area, Familiarization to Department/Branch and Innovations, etc. For more details refer to "A Guide to Induction Program", Page-31, Model Curriculum for Undergraduate Degree Courses in engineering and Technology, January 2018, Volume I, published by AICTE, New Delhi.

Computation of SGPA and CGPA:

- (i) The University adopts absolute grading system wherein the marks are converted to grades, and every semester results shall be declared with semester grade point average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated for every semester, except for the first semester.
- (ii) The grading system with the letter grades and the assigned range of marks under absolute grading system are as given below:

Level	Outstanding	Excellent	Very Good	Good	Above Average	Average	Fail
Letter Grade	S	A	B	C	D	E	F
Grade Points	10	9	8	7	6	4	00
Percentage of Marks Scored in a Course	≥ 90	< 90 ≥ 80	< 80 ≥ 70	< 70 ≥ 60	< 60 ≥ 45	< 45 ≥ 40	< 40
	(90 - 100)	(80 - 89)	(70 - 79)	(60 - 69)	(45 - 59)	(40 - 44)	(0 - 39)

A student obtaining Grade 'F' in a Course shall be considered failed and is required to reappear in subsequent SEE. Whatever the letter grade secured by the student during his / her reappearance shall be retained. However the number of attempts taken to clear a Course shall be indicated in the grade cards semester end Examination.

Conversion of CGPA into percentage of marks :

Percentage of marks secured, $P = (\text{CGPA earned} - 0.75) \times 10$

Minimum Attendance Requirement:

85% in each subject during the period from the first to last working day of a semester as prescribed by the University by its calendar of events.

Internal Assessment Marks:

Theory: Maximum IA Marks is 40. Out of this, 30 Marks is for the performance in the IA Tests (average of 3 tests) and 10 Marks is for Assignment, Quiz, seminar etc.

Laboratory: Minimum IA Marks 50% failing which a candidate shall not be eligible to take the corresponding practical subject in the university exam.

Promotion to higher semester:

Eligibility to ODD semester: failing in not more than 4 subjects of previous 2 semesters and passing in all subjects of preceding year. However, no such restrictions for movement from ODD to EVEN semester provided the candidate satisfies the attendance requirement of ODD semester.

PLACEMENT UPDATE DURING CORONA CRISIS/LOCK DOWN SITUATION

We Wish to update with extreme satisfaction that despite acute CORONA crisis and lock down scenario, we could manage to place 88% students of the current senior batch till 15th March-2020. This is an amazing achievement on placement front in such an unprecedented crisis time. Unfortunately 10 companies which were slated to visit between 18th March 2020 to 15th APRIL 2020, could not visit because of corona crisis and closure of college after lock down. This included many BIO TECH and CIVIL companies which could have picked up good number of students like previous years. Despite this we could achieve very respectable position. Because of our systematic planning, effective and constant interaction and deliberation with the corporate world, we could get 591 offers to our students in such a bad time. Our day night efforts in building fruitful and long term relation between our premier Engineering college and the esteemed companies and the performance of our talented students after joining the company helped us at this critical juncture to sail through the unprecedented crisis.

The brief statistics is given below:

1. Number of companies visited: a. Total planned till 15th APRIL 2020 : 42
b. Total visited till 15th March 2020 : 32
(10 more companies as mentioned above could not visit due to corona lockdown.)
2. Total Eligible students who appeared in the campus drive: 501
3. Total offers issued : 591
