VISVESVARAYA TECHNOLOGICAL UNIVERSITY, BELAGAVI

Scheme of Teaching and examination 2021 - 22

Outcome Based Education (OBE) and Choice Based Credit System (CBCS) As per NEP 2020
(Effective from the academic year 2021 – 22)

I SEMESTER Bachelor of Engineering

Three week long mandatory non- credit Induction Program

For the UG students entering the institution, right at the start.

Normal classes start only after the Induction program is completed.

Preamble

Engineering institutions are set up to generate well trained manpower in engineering with a feeling of responsibility towards oneself, one's family, and society. However, often, the incoming under graduate students are driven by their parents and society to join engineering without understanding their own interests and talents. As a result, most students fail to link up with the goals of their own institution.

Students, who enter an institution, would have come with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large and nature, and inculcate in them, the ethos of the institution with a sense of larger purpose.

The graduating student must have knowledge and skills in the area of his/her study. Character needs to be nurtured as an essential quality by which he/she would understand and fulfill his/her responsibility as an engineer, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed.

Therefore, a Program is needed to

- Help the newly joined students feel comfortable,
- Sensitize them towards exploring their academic interests and activities,
- Train them to work for excellence,
- Build relations between teachers and students,
- Impart a broader view of life,
- Build character,
- Develop awareness and sensitivity to Human Values,
- Create feeling of equality, compassion and oneness,
- Develop attention to society and nature.

An induction program for the UG students entering the institution, right at the start, serves the purpose. The program also makes them reflection their relationship with their families and extended family in the college (with hostel stay and others). It also connects students with each other and with teachers so that they can share any difficulty they might be facing and seek help.

The Induction Program can also be used to rectify some critical lacunas, for example, English background, for those students who have deficiency in it.

Activities of the induction program

Induction program includes; Physical Activity, Creative Arts, Universal Human Values, Literary, Proficiency Modules, Lectures by Eminent People, Visits to Local Area, Familiarization to Department/Branch and Innovations, etc. For more details refer to "A Guide to Induction Program", Page-31, Model Curriculum for Undergraduate Degree Courses in engineering and Technology, January 2018, Volume I, Published by AICTE, New Delhi.

AICTE Activity Points to be earned by students admitted to BE/B.Tech./B.Plan day college programme (For more details refer to Chapter 6 AICTE Activity Point Programme, Model Internship Guidelines):

Over and above the academic grades, every Day College regular student admitted to the 4 years Degree programme and every student entering 4 years Degree programme through lateral entry, shall earn 100 and 75 Activity Points respectively for the award of degree through AICTE Activity Point Programme. Students transferred from other Universities to the fifth semester are required to earn 50 Activity Points from the year of entry to VTU. The Activity Points earned shall be reflected on the student's eighth semester Grade Card.

The activities can be spread over the years, anytime during the semester weekends and holidays, as per the liking and convenience of the student from the year of entry to the programme. However, the minimum hours' requirement should be fulfilled. Activity Points (non-credit) do not affect SGPA/CGPA and shall not be considered for vertical progression.

In case students fail to earn the prescribed activity Points, an Eighth semester Grade Card shall be issued only after earning the required activity.

Points. Students shall be admitted for the award of the degree only after the release of the Eighth semester Grade Card.

Summer Internship - I (21INT36): All the students admitted to engineering programmes shall have to undergo a mandatory summer internship of 03 weeks during the intervening vacation of II and III semesters. Summer Internship shall include Inter / Intra Institutional activities. A University Viva-voce examination (Presentation followed by question-answer session) shall be conducted during III semester and the prescribed credit shall be included in III semester. The internship shall be considered as a head of passing and shall be considered for the award of degree. Those, who do not take up / complete the internship shall be declared fail and shall have to complete during subsequent University examination after satisfying the internship requirements. (The faculty coordinator or mentor has to monitor the students' internship progress and interact to guide them for the successful completion of the internship.)

Computation of SGPA and CGPA:

- The University adopts absolute grading system wherein the marks are converted to grades, and every semester results will be declared with semester grade point average (SGPA) and Cumulative Grade Point Average (CGPA). The CGPA will be calculated for every semester, except for the first semester.
- The grading system with the letter grades and the assigned range of marks under absolute grading system are as given below:

Whatever the letter grade secured by the student during his / her reappearance shall be retained. However, the number of attempts taken to clear a Course shall be indicated in the grade cards semester end Examination.

Conversion of CGPA into percentage of marks:

Percentage of marks secured, $P = (\text{CGPA earned} - 0.75) \times 10$

Minimum Attendance Requirement:

85% in each subject during the period from the first to last working day of a semester as prescribed by the University by its calendar of events.

Internal Assessment Marks:

Theory: Maximum IA Marks is 50. Out of this, 30 Marks is for the performance in the IA Tests (average of 3 tests), 10 Marks is for Assignment, and 10 marks for Quiz, seminar etc. (self-study component)

Laboratory: Minimum IA Marks 50% failing which a candidate shall not be eligible to take the corresponding practical subject in the university exam.

Promotion to higher semester:

Eligibility to ODD semester: failing in not more than 4 subjects of previous 2 semesters and passing in all subjects of preceding year. However, no such restrictions for movement from ODD to EVEN semester provided the candidate satisfies the attendance requirement to ODD semester.
