Anti-ragging committee is constituted with some faculty who are residents of staff quarters and also faculty who are coming from the city. Principal requested faculty who are residing in the quarters to go round in the evenings. Principal requested faculty who come from the city to go around the campus during the college hours whenever they do not have classes. Principal asked the wardens to restrict the entry of first year students to Hostels after 6.30 PM. Principal expressed his concern that the hostels have common dining facility which will be used by both freshers and higher semester students. Warden, Men's hostel informed that timings are different for freshers and higher semesters. Principal suggested a separation may be created in the dining hall, one for freshers and the other for higher semesters. Principal suggested that a faculty member should be compulsorily present in the dining hall during breakfast, lunch and dinner time, in both Men's and ladies hostels.

Principal informed that a register will be maintained in the convenor's room. Faculty who goes on rounds have to make an entry after their visit.

Principal requested the committee members to inform first year students not to go out of the campus if called by any senior students.

Principal informed that a separate committee will be constituted to curb ragging activities in the college buses.

Principal informed that Anti-ragging posters are to be displayed in the campus. Further, he said that Helpline numbers will be displayed in various prime places in the campus.

Following are the suggestions given by members.

- Members informed that apart from the core committee, a flying squad was formed for going a round in the campus and hostels, in two shifts. This was stopped since vehicle was not being arranged for the staff who stay after the working hours. Only staff who are in the campus were being assigned with the task. Later since, the CO was denied, faculty lost interest in performing the assigned duty.
- Men's hostel warden requested for more number of security staff.
- Earlier, resident wardens were available in the campus and presently there are no resident wardens. Members requested to appoint the resident wardens which will help in smooth functioning of hostel administration.
- Hoysala may be asked to go round the campus 2-3 times during night.

- CCTVs are to be installed.
- History of ragging cases of a student should be recorded. Principal informed that he has requested ERP personnel to give an option in the software so that the same may be entered in ERP which gives the history of any student.

ANTI-RAGGING COMMITTEE

10.10.2018

MINUTES OF THE MEETING

A meeting was held on 09.10.2018 at 10.30 am in the chamber of the Coordinator, Anti-ragging Committee. Following are the points discussed:

- **Anomalies in the Anti-ragging Squad duty:**

- **Outdated Name List:** The list of faculty and non-teaching members prepared by the office staff for anti-ragging squad was old and not updated. Names of the faculty members who had resigned few years back were also present in the list.
- **Different Routes:** Normally vehicle will be allotted to a route based on the locations of the faculty members, in the same route. But many times, the vehicle route and the locations of the faculty members were different. Some of the faculty members had requested the Manager/Office staff for changing their routes. But it was not changed, hence affected the regular duties.
- **Transportation:** Pickup and drop facility for faculty and staff was not properly arranged. Several times, faculty members arranged vehicles (Volas/Uber) by themselves.
- Sometimes, driver was not available for the college vehicle.
- Some faculty members got duty twice or more while some of the faculty didn't have any duty.

All the above issues to be taken care during the allotment of Anti-ragging squad duty, during next time.

- Anti-ragging squad duties were completed on 30.09.2018.
- Coordinator has continued to visit the hostels, library, canteen, often.
- Students of first year are provided with contact details of the Professors available in the staff quarters for emergency contacts.
- First year coordinators from Physics and chemistry cycle were given instructions to keep in touch with the students.
