Internet of Things and its Applications

Total Number of Lecture/Practical Hours : 30

Course Objectives: This Course will enable students

- To study the concept of basic electrical/electronic components
- To study the basic concept of Microcontroller
- To study the concept of Sensors and Actuators
- To improve the Programming & Hardware skills in embedded and IoT system design.

Day-1

6 Hrs.

1. Microcontroller

- 1.1 Organization of a Microcontroller
- 1.2 Microcontroller Peripherals

2. Arduino

- 2.1 Arduino Uno Board
- 2.2 Arduino Uno Sensor Shield

3. Communication between Software and Arduino

- 3.1 Arduino IDE
- 3.2 Downloading and installing on Windows
- 3.3 Testing Arduino Uno with a sample program

4. Interfacing a Light Emitting Diode

- 4.1 Preliminaries
- 4.2 Lighting the onboard LED
- 4.2 Connecting an LED with Arduino Uno

1st Year BE, Induction Program –I (IP)

1. All the Managements, Principals, Faculty and Staff members of constituent, affiliated and autonomous colleges are requested to extend their whole hearted cooperation towards the successful completion of the three week IP.
2. As per the guidelines of AICTE, three week IP has been introduced for the 1st Semester Engineering students admitted from the academic year 2018 – 2019 under VTU.
3. This is in view of developing inquisitiveness over technical education among the stakeholders (engineering students)
4. IP consist of three phases namely Initial Phase, Regular Phase and Final Phase. Initial and Final Phase will have two days each and regular phase will run for 10 days
5. Familiarization of procedure, scheme and syllabus, guidelines, examination system is outlined in the first phase, in addition to this, various functionary, infrastructure and facilities created by the college/institute is also outlined in the initial phase
6. In the regular phase in order to develop competency over physical activity, creative arts, universal human values, literary activity, proficiency modules, personality development, event management and leadership qualities, 14 day well blended schedule with grasping, speaking, writing, model making, involvement in the skill and sports activities, lecture by eminent people and visit to the local areas have been planned and record to use this data/ information in future effectively.
7. Plenary session may be conducted in the main venue with all the stakeholders through the presentation type of activities
8. It is desirable to address the students in small group of 20-30 for the activity based programs for successful implementation of IP
9. The outcome of IP and effectiveness will be evaluated in the final phase through quiz, debate, oral and written examination. Performance in the various skills, planned events, and performance in sports and competitive spirit in the team matches are also will be evaluated.
10. Qualitative feedback will be collected from the stake holders for the further improvement of the IP.

VISVESVARAYA TECHNOLOGICAL UNIVERSITY - BELAGAVI

1st Year BE, Induction Program -I (IP)

11. The schedule of the three week is arrived based on experience, feedback and activities of the VTU and the institution. The effectiveness of the implementation of the IP depends upon the involvement of the Principal faculty, staff members and senior students of the institutions.
12. The program schedule is generic and discrete in nature therefore the Principal of the colleges can rearrange the schedule as per the prevailing practices of the region and also based on the strength of the stakeholders.
13. Principals are requested to maintain the individual documentation such has registration to the activities, time table of the schedule, list of faculty and staff involved. Performance of the students in the activity, evaluation rubrics, and certificate issued for the best performer and evidential proof for having been performed in the activity along with the feedback forms collected from the stake holders are also to be documented.
14. Principals are requested to plan additional classes required for the completion of the syllabus of the first semester well within the calendar of events published by the VTU by curtailing the semester break holidays after the first semester.

GUIDELINES FOR INDUCTION PROGRAMME

105 HOURS IN BLENDED MODE

Familiarization to Department/Branch and Innovations

Exposure to branch/ department laboratories, workshops and other facilities, different method of study, etc.

Physical Activity

Exercise or Yoga, Games and sports, Gardening etc., where labour yields fruits from nature.

Creative Arts (Skill related)

Visual arts or performing arts like painting, sculpture, pottery, music, dance etc., would assist creative expression, develop a sense of aesthetics and enhance creativity which would, hopefully, flow into engineering design later.

Universal Human Values

Help students to stand up to peer pressure, take decisions with courage, be aware of relationships with colleagues and supporting staff in the hostel and department, be sensitive to others, etc.

Proficiency Modules

Would help students to overcome lacunas in English skills, computer familiarity, etc.

Lectures by Eminent People

Would give the students exposure to people who are socially active or in public life.

A total of 600+ students participated in this program which was conducted from 06th March –19th March 2024. The objective of the programme was to make fresher inquisitive learners, socially conscious, ethically and morally upright individuals by lectures and interactive sessions by experts and eminent speakers from reputed institutes/ companies. Academic related sessions were conducted to create awareness and familiarization of ETC, PLC & ESC courses and minor degree programs among students. Several doubts and queries were raised by the students during the interactive session and were amicably answered by the experts. All the sessions were interactive, motivating and insightful. Faculty and student mentors from across programs worked extensively to ensure that the induction program was well organized.
