Participatory Management in the Institutional Governance

Sir M.Visvesvaraya Institute of Technology (Sir MVIT) is governed by a group of trustees of **Sri Krishnadevaraya Educational Trust (Sri KET)**. Institute has a well-designed organization structure to smoothly manage its governance and clearly delineate the roles and responsibilities of its leaders. The Governing Council (GC) is the key governing body of the institute. The Governing Council frames the vision, and mission statements of the Institute, participates and guides in developing strategic plans. The Board of Trustees has nominated the Academic Chairman to monitor the academic system of the whole institution. The Principal is the academic and administrative head of the Institution and is responsible for the implementation of the Vision and Mission envisaged by the stakeholders duly approved by the Governing Council.

Sir MVIT supports participative management at all levels. HoDs conduct staff meetings and discuss department and institution related matters. The proposal and suggestions given by the staff will be discussed in the HoDs meeting held with the Principal. The Principal decides for the topics that come under his purview and the Principal submits the remaining ones to the management for approval.

As a matter of decentralization and encouragement of faculty and students to participate in decision making, the institute encourages faculty and students to actively engage in various committees formed. All Committees are encouraged to plan for their respective activities. Faculty and student coordinators are encouraged to express their ideas, plans and suggestions to arrive at necessary decision.
